COMMENTS FROM THE TOWN MANAGER'S OFFICE

Any persons that are not registered to vote and desiring to vote at the town meeting election on Monday may register at the Town Office on Friday or Saturday a. m. and on Monday during the election.

Everyone by now should have received a copy of the annual town report that are entitled to same. You will note that this year for the first time the Budget Committee recommendations are printed in the report after each article. This will eliminate printing the list of recommendations for distribution prior to the opening of the business session of the meeting. Each taxpayer will now have advance notice as to what is recommended.

When voting for school committee you will note on the ballot that it does not specify the term of office. The law requires when changing from a three member to a five member school committee that the three chosen to serve will meet before being sworn into office and will determine by lot who will serve for the two year term and the three year term.

Some interesting statistics are presented relative to the per capita increase in property taxes. The 1955 and 1959 figures are based on the 1950 census, the 1961 and 1962 figures on the 1960 census. The per capita property tax for 1955 was \$57.33; for 1959 \$76.45; for 1961 \$79.12; estimated for 1962 \$96.94. The total appropriation for 1955 was \$135,700 which is \$14,587 less than the estimated school maintenance budget for 1962.

Sincerely
Harold L. Bean

Robert Lucas has returned home from the CMG Hospital.

son, prepared a judging contest for the members. In the meeting we discussed the talks given by Rusty Clark and Ken Potter at the Parents' meeting. We all thought they were very interesting. Josie Foster explained Parliamentary Procedure to the members. Then we decided what we would do at the public meeting to be held on March 9. After the meeting the judging contest on Good Grooming was given by Laurie Olson. There were three winners—Carol Olson, Nadine Curtis and Eleanor Billings. Congratulations, girls. Refreshments of filled crackers and milk were enjoyed by all.

Greetings:

Would you like to find a gem, polish a stone, make jewelry yourself?

Would you like to know more about the gems and minerals we walk over?

We mine gems and minerals and make jewelry. We polish and cut stones. We will gladly help you to know more about these things if you wish.

We are open all year but this is our quieter season. Naturally we would like to see all our regular and all new customers and friends we can.

Last year was our best — this year looks better. We are making lots of new things—that it would be right to say "thank you" to our regulars and extend thoughtful appreciation to new people who would like to call with something substantial "The attached COUPON."

You may use the COUPON for orders, paid in advance, for later delivery, i.e. Graduation, Birthday or Christmas gifts.

Use as many coupons as you wish!

Select if you wish from our Unique Gem Chip Jewels \$1.10 to \$5.95. Birthstone rings \$3.95-\$7.50 up. Mineral boxes, gem tourmalines, amethyst, aquamarines or choose a diamond, emerald or ruby. Rings sized!

Last year many Scouts, 4-H groups, school classes and science study classes came to see our museum display of gems and minerals of Maine.

Last year we made up kits for several thousand Farm Bureau Extension and other club people so they could have fun and save money making jewelry.

The spring is an especially good time for people to call and see gem cutting, gem tumbling, jewelry making or to polish a gem yourself at our wheels. Glad to have you.

Drop in we'll try to let you have some fun develop from it!

Yours Rockfully,

COUNTRY FLAVOR STEREOPTICON EDUCATION

On general principles the countryman is opposed to modern education in which children are hauled to school in buses so they won't be too tired to join in physical education exercises.

What we need is a return to the days when a stereoscope was a standard educational prop in the home. Moving pictures in a box in the living room have their place, but they don't give a boy a chance to choose his learning.

Twice a year, at mail order time, Father planned to buy a few more slides. Naturally, Mother and the girls wanted something Cultural and Artistic, for half a century ago folks took these with capital letters. They wanted a set of Pilgrims Progress, Summer Trip Through Europe, Niagara Falls from all Aspects, Views of Switzerland and Views of Boston, the City of Culture.

A boy wanted something else to use in the hand-viewing machine invented by Dr. Oliver Wendell Holmes. Educationally he was accessible to the Life of Washington, Alaska and the

The Legion Auxiliary met Wednesday evening with seven members present. One new member joined. The group is invited to attend a reception for the 2nd District President at Livermore Falls, March 11, from 3 to 5. The American Legion Birthday Supper will be held next meeting March 13. A pot luck supper of casseroles and salads will be served at 6:30 to members and their families only. Americanism was the theme of the program. Quotations of famous men were read by members.

RECORD ATTENDANCE AT MOUNT ABRAM SUNDAY

Attendance at Mt. Abram Ski Slopes reached another all time high Sunday with beautiful weather and ideal conditions.

The Legislature Committee visited the Slopes Sunday afternoon during their tour of ski areas when surveying the industry in Maine. In the group were Senator Lovell, Mrs. Kilroy, Portland; Walter Tweedie, Mars Hill; Norman Minsky, Bangor; Loren Kimball, North-east Harbor; accompanied by Ben Pike of the Department of Economic Development.

On Sunday, March 4, the Laski Ski Club from Lewiston will hold events at Mt. Abram. Spectators are welcomed. Skiing for the general public will still be available on all trails.

Skiing conditions are reported good to excellent and skating good.

Klondyke, and The China War.

The major problem, however, was to choose slides for good, uplifting entertainment. It was difficult to decide among such imagination-stirring titles as Warm Meals at All Hours, Wonder If It Was Loaded, One Stick of Gum for Two, The Bashful Lover, Gee, This is a Tight Squeeze, Mouse on Toast.

It was satisfying on a winter's evening after a lad had finished learning the capitals of the western states and became reasonably certain of the spelling of Mississippi, to get out the stereoscope and further his education with the colorful slides. Not very exciting in this modern age of superpersonics, perhaps, but when life was slower there was time to savor and enjoy the simpler things.
